

VERMONT  CASTINGS™

DIRECT VENT GAS STOVES

Available IntelliFire®
app and voice control

TRUE CRAFTSMANSHIP

Vermont Castings was founded on the belief that the stately beauty of cast iron could be combined with the simple utility of wood heat, to craft stoves of value and enduring beauty.

Among the vibrant hills and silver waters of the Green Mountain State is one constant: the promise of American craftsmanship. This is where day after day, year after year, the proud people of Vermont Castings craft each stove with hand and heart.

Vermont Castings provides more than heat. It's the warmth that unites. The timeless designs and furniture-quality finish set the scene for intimate memories. No detail is too small, no element insignificant. This is true craftsmanship.

Durable cast iron firebox

Lifelike ember bed for a realistic look and glow

No power, no problem; standing pilot models available

GAS STOVE TECHNOLOGIES

DIRECT VENT TECHNOLOGY With Direct Vent Technology, your stove can use outside air for combustion, expelling 100% of the combustion exhaust and by-products.

INTELLIFIRE TOUCH IGNITION SYSTEM IntelliFire Touch (IFT) is our most advanced intermittent-pilot ignition (IPI) system, making operating your appliance simple, smart and safe.

STANDING PILOT IGNITION SYSTEM No power no problem; the pilot stays on all the time and generates enough voltage to run the stove.

STOVE CONTROLS

CONTROLS FOR INTELLIFIRE TOUCH MODELS

Standard Touchscreen Remote

Features: on/off, flame height adjustment, fan speed, lights adjustment, thermostat mode, room temperature readout, child lock, timer mode, battery backup, cold climate mode, wall docking station (fan and lights are dependent on your stove).

Optional IntelliFire® App

All the features of a remote control with an app installed on your smart device. Monitor your fire from anywhere or even control it with the sound of your voice. IntelliFire is compatible with voice assistants Amazon Alexa and Google Assistant.

CONTROLS FOR STANDING PILOT MODELS (ALL OPTIONAL)

Touchscreen Thermostat Remote

Features: large LCD display, touch screen technology, thermostatic control mode, six-hour timer mode sleep mode to save battery, slide function for fast operation, LCD backlight, optional wall mount, battery receiver

On/Off Remote

Features: on/off remote control, signal indicator, battery receiver

STOVE FINISHES

Color choices complete the look of your stove.

Hearth Requirements

The stove must be installed on rigid flooring. When the heater is installed directly on any combustible surface other than wood flooring, a metal or wood panel extending the full width and depth of the unit must be used as the hearth. There are no other hearth requirements.

Minimum clearances to combustible materials in inches. Maintain clearance (empty space) between combustible materials and the heater as specified below for the appropriate model.
